Linda Schönfeldt

Web Developer & UX/UI Designer

Summary

I thrive on bringing structure to complexity—whether designing intuitive user flows, clarifying information architecture, planning roadmaps, or writing maintainable code.

With a background in interaction design and a growing focus on object-oriented programming, I combine a structure-first mindset with a passion for usability. What excites me most is turning ambiguity into purposeful, user-centered solutions.

Education

Technigo

Professional Experience

UX/UI Designer / Web Developer

Sampler, Stockholm/Remote 2025 - Current

- Working on an app for a marketing idea
- Collaboration between two developers located in Skåne, one PM located in Stockholm, one Web Developer in Stockholm and I.

UX/UI Designer Intern

Univid, Stockholm 2024

- Worked in a cross-functional, agile team on a B2B webinar platform
- Designed user-centered prototypes and iterated on mockups based on user feedback and business goals
- Led ideation workshops and conducted usability testing
- Contributed to the product vision by aligning design solutions with user needs and company objectives
- Took initiative in a fast-paced startup environment, growing quickly and making a tangible impact on the user experience

Store Associate

Coop, Stockholm 2021

- Handled stock replenishment and provided customer service on the shop floor
- Operated the Shoppa display and pricing system
- Assisted with in-store merchandising and promotional setups
- Supported inventory checks and deliveries
- Contributed to a positive team environment in a fast-paced setting

Restaurant Staff

Terassen, Stockholm 2016-2018

- Worked with cashier duties, table service, and customer support in the restaurant
- Contributed to a smooth workflow during busy and high-pressure periods
- Assisted in onboarding new colleagues and collaborated closely with the team to solve daily challenges
- Gained valuable experience in communication, responsibility, and putting the customer experience first

Additional Experience

Volonteer

Mind, 2023-2024

Supported a mental health line for youth (15–25), offering empathy, validation, and active listening during difficult moments. Strengthened my communication, active listening skills, and commitment to meaningful, human-centered work.
